CAREER OBJECTIVES

As an enthusiastic React.js Developer with strong problem-solving and teamwork skills, I am actively seeking rewarding opportunities in React.js development. With 2 years of experience as an Associate Software Engineer, I am poised to transition into a dynamic organization where I can leverage my expertise to contribute significantly to its success.

WORK EXPERIENCE

Sep 2023-Nov 2023

Elena Geo Systems Pvt Ltd, Bangalore

Junior Software Developer

- Worked on Elena Main Site (Company website)
- Built buoy Monitoring system to keep live track of 22 buoys based on light, location and battery.
- Integrated a React Leaflet map to visualise the real-time positions of the buoys on the map.
- Implemented Chart.js to display the overall status of all buoys and implemented service worker for low battery notifications related to the buoys.
- Built a stable and maintainable code base using React JS.
- Designed Frontend code using HTML, CSS, Javascript to create responsive web application.

Nov 2021- Nov 2022

Infynow Software Solutions LLP, Belagavi

Associate Software Engineer

- Worked on Client and Company Project
- Implemented designs using HTML,CSS,Bootstrap,JavaScript,React.js
- Have worked with web debugging tools (Chrome developer console)
- Developed responsive web applications to provide an optimal viewing experience across a wide range of devices, from desktops to smartphones.
- Conducted Performance optimization to enhance the speed of web applications.
- Performed bug fixes and code reviews

Feb 2021-Oct 2021

Vritika Infotech, Belagavi

Assisted in frontend development,manual testing, and SEO

- Tested front-end in multiple browsers to ensure cross-browser compatibility
- Designed a wide range of visual assets including social media graphics, presentations, brochures using Canva.
- Implemented responsive design techniques to optimize user experience across various devices and screen sizes.
